Attention! Your Christmas Greens orders are due in to Lion Gene Taylor by Oct. 28. It is so important they we have a good sale this year (and every year). We did not make enough money with our fundraisers last year to support our service projects as we have done in the past.

A big thank you to everyone who worked taking tickets at the fair. What a great way to make money for the club and get to see lots of old friends.

Save your Our Family labels from Buehlers. We just need the bar codes from the can or package. We can get money from them.

Don't forget we will be ringing the bell for the Salvation Army and helping the Red Cross at the Festival of trees. Dates for these will be coming soon.

Programs are being provided at all of the meetings. Please attend so that the speaker does not feel like they have wasted their time.

Did you know.....Three new clubs were started in our District last Lion's year and one so far this year!

When did you last invite someone to join the Lion's?
